

Restaurant K2 drink list

We aim to be as sustainable as we can be. When we decide on which beverages to serve, we follow some strict rules.

We will always prioritize local producers. Preferably from Rogaland, but also from Norway. This goes for beer, cider, non-alcoholic beverage, and spirits.

When it comes to wine, we need to cross our border – here we follow one simple rule; if it comes from foreign countries, it must be organic, biodynamic, and made as natural as possible.

Rogaland producers we collaborate the most with

Lervig, Hillevåg
Granskauen, Stavanger
Jåttå gårdsbryggeri, Jåttå
Eiane gård, Hjelmeland

Rygr, Klepp
